Installation Instructions

Read these instructions carefully before installation and save them for future reference.

IMPORTANT NOTES

- Fixtures must be wired in accordance with the national electrical code and all applicable local codes. Proper grounding is required for safety.
- This product must be installed in accordance with the applicable installation code by a qualified electrician who is familiar with the construction and operation of the product and the hazards involved.

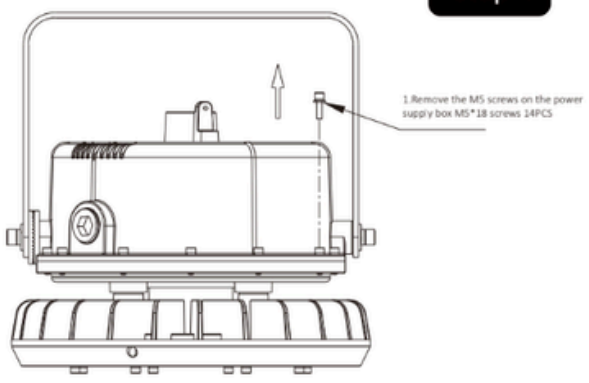

WARNING: RISK OF FIRE, ELECTRIC SHOCK OR PERSONAL INJURY. Before installation, turn power off.

- **WARNING:** Risk of fire or electric shock. Luminaire installation requires knowledge of luminaires and electrical systems. If not qualified, DO NOT try to install. Please contact an electrician.
- **WARNING:** Risk of fire or electric shock. Suitable for wet locations. Please turn off the power before installation.
- **WARNING**: Risk of fire or electric shock. Suitable for non-insulated surface and frame. DO NOT cover fixture with insulation liner or similar material.
- **WARNING:** DO NOT install in unstable, loose or breakable surfaces.
- **WARNING:** DO NOT let objects impact or exert force on the surface of the fixture.
- **WARNING:** To Reduce The Risk Of Ignition Of Hazardous Atmospheres, Disconnect The Luminaire From The AC Supply Circuit And Determine That The Area Is Free Of Ignitable Concentration Before Opening. Keep Tightly Closed When In Operation.
- **WARNING:** To Prevent The Ignition of Explosive Atmospheres, Determine That the area is Not Hazardous Before Operating The Test Switch.

INSTALLATION AND ELECTRICAL CONNECTION

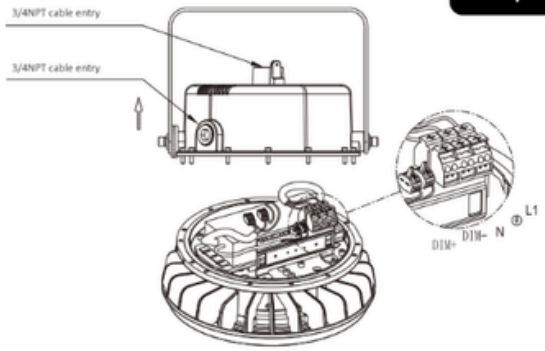

Ceiling Mount (Included)

step 1

1. Loosen the screws on the upper shell of the power supply box

step 2

2.Open power box upper cover, Remove the 3/4"NPT adapter,Use appropriate conduit and fittings to make electrical splices. Follow appropriate mounting and wiring instructions, see wiring diagram Fig 2.

INSTALLATION AND ELECTRICAL CONNECTION

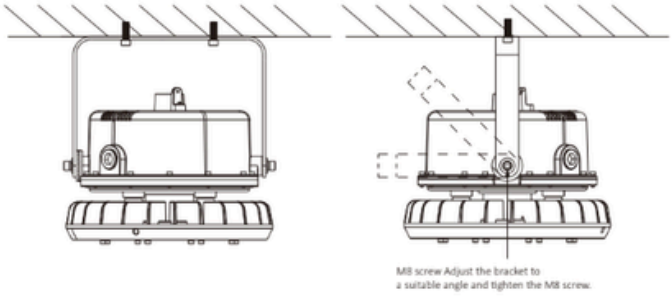

Ceiling Mount (Included)

step 3

3. Mark the Mounting Surface for mounting hardware locations as shown in Fig.3.

step 4

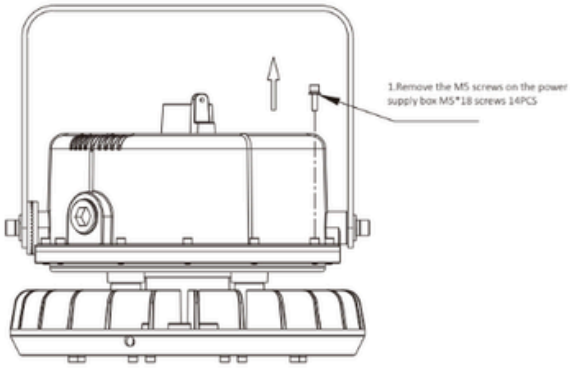

4.Installation completed.

INSTALLATION AND ELECTRICAL CONNECTION

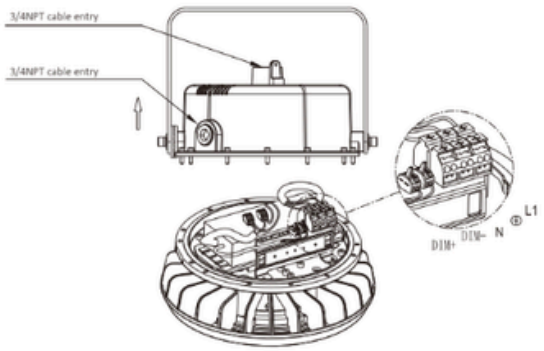

Wall Mount (Included)

step 1

1. Loosen the screws on the upper cover of the power supply box

step 2

2. Open the power supply box upper cover, remove the 3/4"NPT adapter, use appropriate conduit and fittings to make electrical splices. Follow appropriate mounting and wiring instructions, see wiring diagram Fig 2.

INSTALLATION AND ELECTRICAL CONNECTION

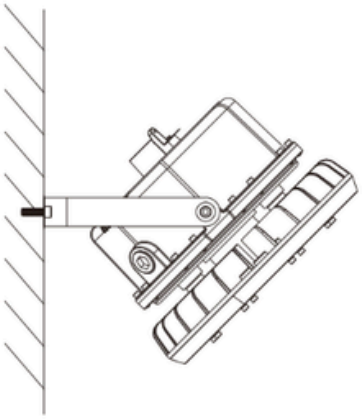

Wall Mount (Included)

step 3

3. Mark the Mounting Surface for mounting hardware locations as shown in Fig.3.

step 4

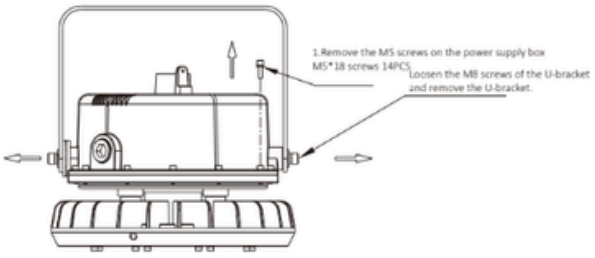

4. Installation complete

INSTALLATION AND ELECTRICAL CONNECTION

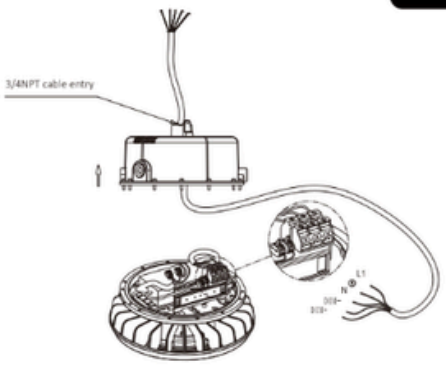

Pendant and Stanchion Mount

step 1

1.Loosen the M8 screws of the U-bracket and remove the U-bracket.

step 2

2. Open the upper cover of the power supply box, remove the 3/4"NPT adapter, and use appropriate conduit and fittings to make electrical splices. Follow appropriate mounting and wiring instructions, see wiring diagram Fig 2.

INSTALLATION AND ELECTRICAL CONNECTION

Hook Mount

step 1

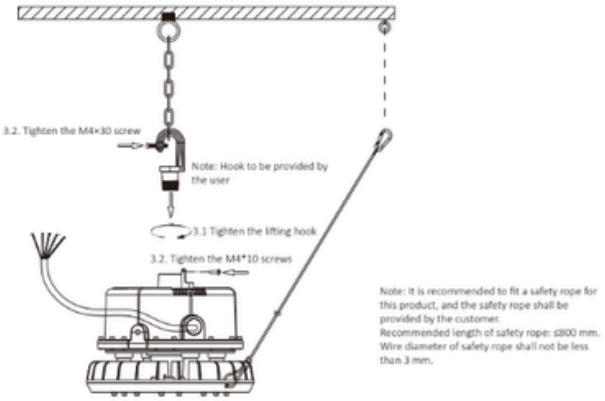

1. Loosen the screws on the upper cover of the power supply box

step 2

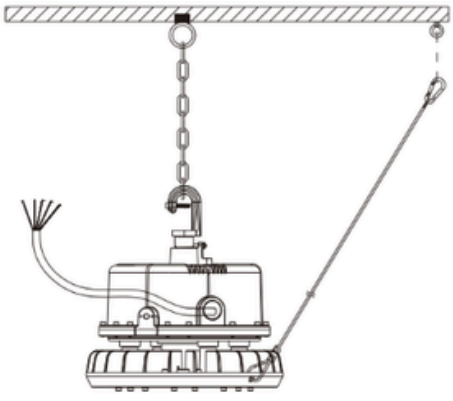

2. Open the upper cover of the power supply box, remove the 3/4"NPT adapter, and use appropriate conduit and fittings to make electrical splices. Follow appropriate mounting and wiring instructions,see wiring diagram Fig 2.

step 3

3. install the Hook to the ceiling as Fig. 3.

step 4

4. Installation complete
