Installation Instructions

Read these instructions completely and carefully, observing all CAUTIONS and WARNINGS shown throughout these instructions.

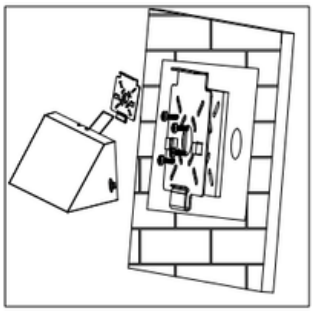

WARNING: PLEASE READ ALL INSTRUCTIONS BEFORE ATTEMPTING INSTALLATION

- To prevent personal injury or product damage only licensed electricians should install.
- To avoid electric shock or component damage disconnect power before attempting installation or servicing.
- This product must be installed in accordance with the National Electrical Code (NEC) and all applicable federal, state and local electrical codes and safety standards.
- Disconnect product and allow cooling prior to servicing.
- Any alteration or modification of this product is expressly forbidden as it may cause serious personal injury, death, property damage and/or product malfunction.
- To prevent product malfunction and/or electrical shock this product must be properly grounded.
- This luminaire is designed to operate in ambient temperatures ranging from -30°C to 45°C.
- Wall Pack only.

1. Unpacking

Thoroughly inspect the fixture for freight damage. Freight damage should be reported to the delivery carrier.

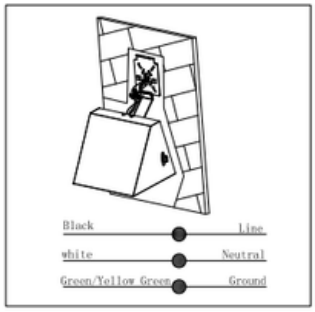

2. Installation

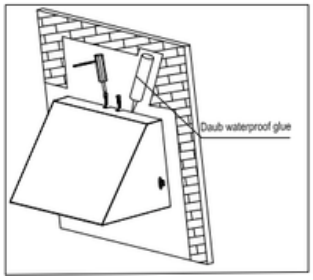

1. Remove the lamp and hook from the mounting plate and fix the mounting plate and waterproof foam on the wall.

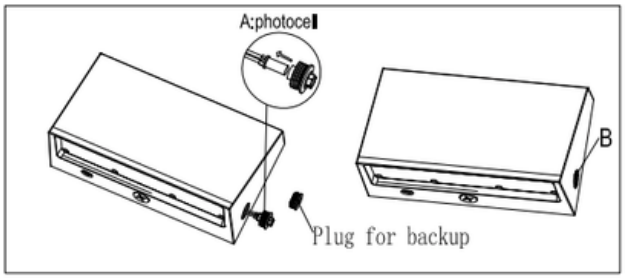

2. Hang the lamp on the mounting plate.

3. Connect the AC line of the lamp.

4. After hanging the lamp on the mounting plate and tightening the screws, apply a waterproof glue seal between the bottom cover and the wall to prevent water from entering the lamp.

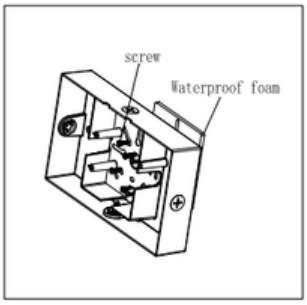

5. If the user feels that the light control probe exposed by the lamp is not aesthetically pleasing and does not need the light control function, you can unscrew the light control plug (Figure A), pull out the black rubber plug inside, replace it with the spare flat plug, and tighten it as shown in Figure B.

LITELUME™ seeks to deliver the most advanced and efficient LED technology. Due to technology progression, specifications may change. We reserve the right to update product specifications without notice. Contact LITELUME™ for the most up-to-date data.

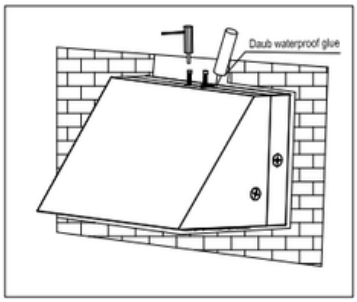

3. Junction Box Mounting (SOLD SEPARATELY)

1. Install and secure the junction box and waterproof foam as shown in the figure.

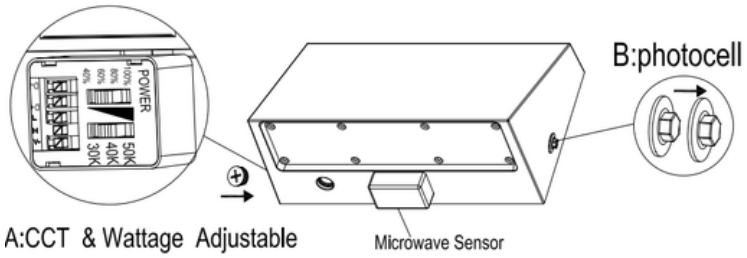

2. Fix the mounting plate and the lamp mounting plate onto the junction box, then hang the lamp hook on the mounting plate.

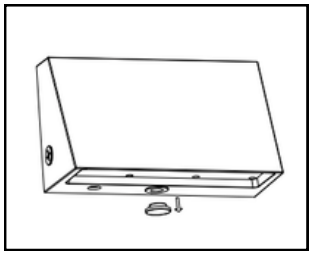

3. After the lamp screws are locked and secured, seal the bottom box and wall with waterproof glue.

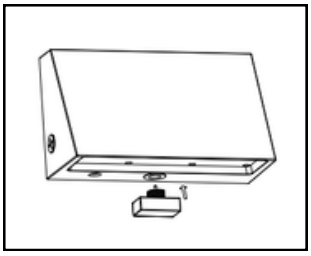

4. CCT & Wattage Adjustable and Microwave Installation Instructions

1. Unscrew the plug, adjust wattage and CCT as desired, then tighten the plug.
2. If you need the photocell function, remove the light control cover (B).

3. Pull out the lid as shown in the picture.

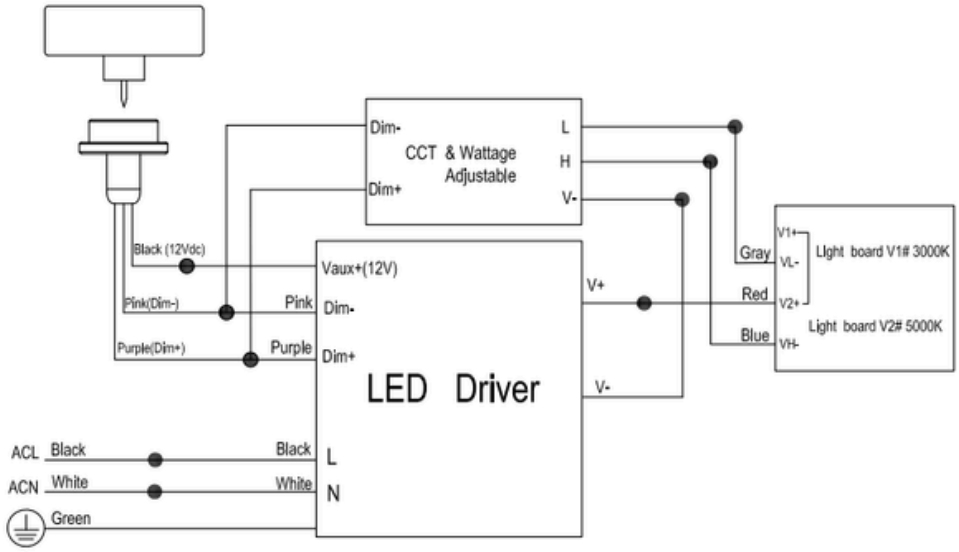

4. Insert the microwave sensor into the base and press it firmly.

5. General Wiring Diagram

CHECKING:

1. Does all the wiring connect correctly as shown in the pictures?
2. Is the ground lead installed appropriately?
3. Make sure the photocell functions properly.
