

# LED Parking Garage Ocular Installation Instructions

## **Warning**

**Please read all instructions before attempting installation**

1. To prevent personal injury or product damage, only licensed electricians should install.
2. To avoid electric shock or component damage, disconnect power before attempting installation or servicing.
3. This product must be installed in accordance with the national electric code (NEC) and all applicable federal, state and local electric codes and safety standards.
4. Disconnect product and allow cooling prior to servicing.
5. Any alteration or modification of this product is expressly forbidden as it may cause serious personal injury, death, property damage and/or product malfunction.
6. To prevent product malfunction and/or electrical shock, this product must be properly grounded.
7. This luminaire is designed to operate in ambient temperatures ranging from -30°C to 40°C and to be horizontally mounted with the LEDs facing down.

## **Pendant with 3/4" Conduit Installation**

1. Loosen the screw on the side of the light, removing the bracket from the canopy light by pulling it out.	
2. Connect the wires threaded from the conduit and canopy, Black wire for Line, White for Neutral, Yellow/Green for ground.	 <p>Black ———— ● ———— Line White ———— ● ———— Neutral Green/Yellow Green ———— ● ———— Ground</p>
3. Screw the conduit into the hole on top of canopy light. Installation is complete.	

## **Surface Mounted with J-Box Installation**

1. Loosen the screw on the side of the light, removing the bracket from the canopy light by pulling it out.	
---	---

# LED Parking Garage Ocular Installation Instructions

2. Fix the bracket on the J-box, and put the wire through the central hole for wiring.

3. Attach the canopy light with bracket by putting the ring on clips again. Connect the Black wire for line, White for Neutral, Yellow Green for Ground.

Black —●— Line  
White —●— Neutral  
Green/Yellow Green —●— Ground

4. Slide the canopy lights into bracket, and secure the screw on side of the light to prevent the light sliding out from the bracket. Installation is complete.

## Adjustable CCT & Wattage Installation Instructions

1. Unscrew the plug, adjust wattage and CCT as desired, then tighten plug.
